## Mrs. Carswell.

Of Leroy, N. Y., was dying of Neuritis of the Heart. The attending physician had made his last visit and said there was no possible chance of her living but a few hours. Her son had been telegraphed for from Rochester to come and see her die. At this critical moment an agent selling Dr. Hale's Household Ointment called at the house and told them the lady need not die at that time if she would follow his directions. He was so earnest and positive that the family concluded to try the new remedy and began applying it at once to the region about the heart; the pain soon ceased and Mrs. Carswell rapidly recovered and is alive and well to-day, and she and all her family says Dr. Hale's Household Ointment saved her. This wonderful medicine can be had at Phil. Carpenter's drug store, South Side.

## LeCompte's Bottom.

Mrs. Tom Jesse, of New Castle, is visiting relatives and friends here.

Miss Carrie and Tena McEwan and Lyde Mangan, of Frankfort, are visiting friends in this neighborhood.

Miss Lizzie Kavanaugh is visiting Miss Rosa McGowan, at Frankfort, this week.

Mrs. S. P. Douthitt visited friends here last week.

Luke and Joe Kavanaugh have gone to Mercer county on a visit.

Somebody got all of Mrs. Rebbs grapes Sunday while the family were from home. First instance of stealing here for years.

The election at Harper's Ferry did not go off without a "kick"—it had been out of the nature of things if it had. A break in the rank and file of Democracy was occasioned by the Third Party and, in consequence, any amount of drinking, betting, fighting and claving down. One serious fight which will probably result finally to both parties.

Say what has become of the Green Man who took up the cudgel so valiantly last summer for Flag Fork? I should imagine he would have more improvements to report from that thriving hamlet by this time.

## Is Life Worth Living.

This is a question that would be answered very differently by different individuals. To some living is a pure enjoyment, to others life is a burden. To a man or woman who never feels well, who arises in the morning unrefreshed, with a tired, languid feeling, life is indeed burdensome. This is the result of a torpid liver, inactive condition of the kidneys, a foul stomach, &c. This condition can all be quickly changed and life made happy by the use of the new remedy—Dr. Hale's Household Tea, the great blood purifier and nerve tonic. It cures all biliousness, constipation, inaction of the liver and kidneys and makes a person feel new. 50 cent packages at Phil. Carpenter's drug store, South Side.

## Forks of Elkhorn.

Misses Bettie Jones, Annie South and Alice French have returned home from the Springs.

Miss Kitty Shaw has returned home from a visit to Mrs. J. H. Bowen.

Young men, I sympathize with you, I was sure you would quit the Versailles boys, but I am left.

Mr. Ben Berry visited here last week.

Misses Minnie Clubb, and Lulu and Ina Deatherage are visiting Miss Kitty Shaw.

Mrs. Jas. Gallahue has returned home from a visit to Lexington.

Mr. Vernon Featherston is visiting here.

Miss Minnie Clubb entertained a number of her friends last Saturday night. Those present were Misses Jennie Featherston, Luella Powell, Kitty Shaw, Ella Shanklin, Lula and Ina Deatherage, Lottie and Sallie Lucas, Maud and Laura Bonar, Mattie Greenup, Endora South and Ida Stone, Messrs. Lew Cannon, Vernon Featherston, Norma Wilkinson, Dr. Demaree, Jim Shaw, John Quinn, E. Clubb, Morris Updyke and Jefferson Lucas. They said they had quite a nice time.

LITTLE LAMB.

## He Surprised His Family.

An exchange tells a good one on a farmer. He went to town and purchased a new suit of clothes, placed the bundle on the seat behind him and started home. When he reached a bridge over the creek the idea struck him that it would be a great surprise to discard his old patched clothes and go home in a new suit. He pulled off his old duds and fired

them into the creek, piece at a time. When he had nothing on but a shirt he reached for the package, but it was no longer in the wagon! As the night was chilly he went home at a two-forty gait. He surprised his family completely, and the next morning, when he went out and found the package hanging on the break handle of his wagon, he was somewhat surprised himself.

## \$1,000 Reward.

Our American chemists are renowned, not only for their enterprise, but for their vigilance. They are prompt to expose frauds wherever they find them. Thus far, however, they have not earned the reward of one thousand (\$1,000) dollars offered by the proprietors of Swift's Specific (S. S. S.) for the discovery, by analysis, of a particle of mercury, iodids of ammonia, or any poisonous substance, in their famous medicine. The reason the reward has not been picked up is because there are no mineral or poisonous substances in Swift's Specific (S. S. S.). It is a vegetable compound, which has been before the public for half a century, and its history is marked by a wonderful series of successes.

## Not a Miracle, Now.

Until recently Consumption was considered incurable, but now people are beginning to realize that the disease is not incurable. The cure of Consumption is not a miracle, now. Dr. Pierce's Golden Medical Discovery will cure it, if taken in time and given a fair trial. This world-renowned remedy will not make new lungs, but it will restore diseased ones to a healthy state when other means have failed. Thousands gratefully testify to this. It is the most potent tonic, or strength-restorer, alterative, or blood-cleanser, and nutritive, or flesh-builder, known to medical science. For Weak Lungs, Spitting of Blood, "Liver Complaint," and Dyspepsia, or Indigestion, it is an unequalled remedy.

## Shooting on Flat Creek.

A shooting affray took place on Monday, at Harper's Ferry in Henry county, between Jack Estes and Tom Long in which both men were wounded and Long has since died. Election whisky seems to have been the cause of the difficulty. Estes shot first and the ball took effect in Long's left breast. He fell to the ground and dropped his pistol, but in a few moments recovered sufficiently to get the pistol again and shoot. Estes, the ball taking effect in his face and ranging upward, lodged about the top of his head. It is thought that Estes will also die.

## Bicycle Races.

At a meeting of the wheelmen of the city, held on Friday night, the organization of the Blue Grass Cycle Club was perfected by electing Mr. Ben Marshall as President, Mr. John Selbert Captain and Mr. B. Todd Crutcher as Secretary-Treasurer.

After the election of officers the races were arranged for Thursday afternoon as follows:

The first, a mile handicap, in which Ben Marshall and Todd Crutcher were to start from the scratch and the other members given the advantage in the start, at distances varying according to the speed and endurance.

Second, one fourth mile, for boys under fourteen years.

Third, a mile race between B. T. Crutcher, Ben Marshall and C. K. Betts.

Fourth, a mile race, free for all, to start from scratch, with Ben Marshall, Todd Crutcher and C. K. Betts barred.

Fifth, half mile race, free for all. Sixth, quarter mile open race.

It was decided that only members of the club should be allowed to start in the championship handicap.

On Thursday quite a large crowd went out to the track to witness the races, which resulted as follows:

First race—Championship handicap, one mile, ten starters—Hulet, 1st, Betts 2d, Marshall 3d, Minus Williams 4th, Crutcher 5th.

Time 3:20. The five came to the string well bunched, not more than a length apart. Hulet will wear the medal until it is won from him.

The second race, two entries, one fourth mile, was won by John Sower. Time, 45.

Third race—one mile, between Marshall, Betts and Crutcher. The three went away together, but going around the lower turn Crutcher fell back, Marshall going away in the lead and at the quarter pole they were badly strung out. Going up the back stretch Crutcher pulled himself together, rapidly overhauled Betts, passed him, and about the half mile post lapped Marshall. From that time on it was a close and exciting contest between the two, Betts having dropped out. Into the home stretch they flew neck and neck. At the stable Crutcher swerved to the inside of the track and lost ground, giving Marshall a slight advantage which he held to the string, Crutcher coming in a half wheel behind. Time, 3:21.

In the fourth race only three started—Minus Williams, B. Williams and Geo. W. Lewis. For three quarters of a mile it was a close race between M. Williams and Lewis, but at the three-quarter pole Williams drew away and came in winner, Lewis second. Time 3:45.

Fifth race—one half mile, free for all, six entries. At the start Crutcher took the lead and ran away from the others, winning in 1:37.

In the last race—one fourth mile, free for all—there were five entries, and was won by Hersey; Crutcher 2d, Betts 3d. Time, 48.

## The Parent of Insomnia.

The parent of insomnia or wakefulness is in nine cases out of ten a dyspeptic stomach. Good digestion gives sound sleep, indigestion interferes with it. The brain and stomach sympathize. One of the prominent symptoms of a weak state of the gastric organs is a disturbance of the great nerve center, the equilibrium to the great extent. A most reliable medicine for this purpose is Dr. J. C. R. Bitter, which is far preferable to mineral sedatives and powerful narcotics which, though they may for a time exert a soporific influence upon the brain, soon cease to act and invariably leave the tone of the stomach. The Bitter, on the contrary, restores activity to the operations of that all important organ, and their beneficial influence is reflected in sound sleep and a tranquil state of the nervous system. A wholesome impetus is likewise given to the action of the liver and bowels by its use.

## The Anderson Fair.

The eighteenth annual exhibition of the Anderson Franklin and Salvisa Fair Association will open at Lawrenceburg on the 18th inst. and continue four days. Although there are no trotting races included in the programme, this is one of the best fairs in the State and is always enjoyed by those who attend. Franklin will be sure to send a large delegation up there this year.

## Oh, What a Cough.

Will you heed the warning; the signal perhaps of the sure approach of that more terrible disease Consumption? ## Monthly Crop Report.

OFFICE OF COMMISSIONER OF AGRICULTURE, HORTICULTURE AND STATISTICS, FRANKFORT, Ky., August 3, 1891.

The following is submitted as to crop condition to August 3, 1891. The weather condition for the past ten days have been favorable to the growth of pending crops. At this writing a splendid rain is falling here, with indications that it will be general.

### CORN.

The season has generally been favorable for corn. In some localities the rainfall has been insufficient, but the crop in such sections has been materially injured. In other localities there has been some complaint of the root louse, especially in high thin land; taking all things together, the corn crop is fully up to the standard average. The stand is generally good, and all early planting is now in full silk and tassels, and much of the earliest in full roasting ear. One more good rain will make a good crop of the early planting, but it will require a seasonable August to fully develop the later planting. In many localities there has been serious neglect in cultivation. On good land, with proper cultivation, the crop is very promising.

### WHEAT.

The crop has been stacked in good condition, and much of it has been threshed and sold. Some of the best counties, taking Christian for example, is not making the yield that was expected, and the quality is not so good as thought to be before threshing, while in other localities the yield is larger than expected, and quality above an average; one farmer reporting near Bagdad, in Shelby county, an average of forty bushels per acre. From the best information to date from all sources, the State average will be fourteen bushels to the acre. This average will no doubt be changed to some extent after the crop is all threshed.

### TObACCO.

Of late years there has been several hindrances to a useful tobacco crop. One being the tenant system, another the disposition to plant more than could be properly handled, both as to cultivation and house room. There is no crop that requires more painstaking and intelligent handling than tobacco. Its profitable production depends almost entirely upon the cultivation, handling, assorting, ordering, and its proper presentation in the market in a strictly merchantable shape.

The present crop was generally set in good time, with vigorous and healthy plants; the stand being exceptionally good. Yet, the crop is uneven. Some of it is now in full top, and much of it yet in the clove. Tobacco should be set in a compact soil. Where this was not the case, the roots did not take good hold, and could not assimilate the plant food, and in dry sections the vigor of the plant was destroyed by the soil drying out on account of its loose and porous condition.

The crop is fully an average in condition and stand, much of it being especially promising. In the dry section proper, the least favored in rain and general conditions, are the counties of Bath, Montgomery, Clark, Mercer and Jessamine. The least favored in the dark sections are the counties of Caldwell, Crittenden, Livingston and Lyon. There is much complaint also in Harlan, Metcalfe, Warren and Green. The steam district proper, most of the

Clarksville and Paducah district, appear to have promising prospects. In the Burley districts, except the counties named, the prospect is fully up to an average.

### HEMP.

The outlook is not promising for a yield of hemp. The reports are conflicting, but all indicate an average condition, seventy per cent. compared with a good season.

### FRUITS.

The peach crop is exceptionally a good one; the trees all bending under the burden of this most delicious fruit. The apple crop is fully up to the standard of an average. The grape crop is very promising. All of the smaller fruits have been very abundant.

### GARDENS.

Some sections, where drouth has prevailed, the gardens have dried up, but, as a rule, they are above an average. The cabbage crop is a full average.

### POTATOES.

Irish potatoes are fully up to an average year. The finer specimen of Early Rose I have ever seen were sent to this office from Franklin county. The sweet potato crop is looking well.

### GENERAL SUMMARY.

Corn, acreage 100; condition, 103; wheat, acreage 105; quality, with last year, 110; tobacco, acreage compared with average, 99; condition and stand, 100; hemp, condition, 70; peaches, compared with last year, 102; apples, amount compared with last year, 140; clover, condition compared with last year, 82; timothy, 85; pastures, 89; garden products, 104; Irish potatoes, condition compared with last year, 122; sweet potatoes, condition compared with last year, 110; sorghum, condition compared with last year, 100. An elaborate summary of crops will be given at the close of the crop season.

Respectfully,

CHAS. Y. WILSON, Commissioner.

## Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. A. E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally resulted in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at PHIL. CARPENTER'S Drug Store, regular price, 50c. and \$1.00.

## Among the Colored Citizens.

The crack drill camp of the State went to Mr. Sterling and, as they always do, brought back the best portion of the big prize offered. Misses Pea and Oldham, of Lexington, were in the city a few days this week paying Mr. and Mrs. Parker Pea a visit, on the South Side. They leave for their homes to-day.

Prof. Mayo and wife are very happy. It was a girl.

Mrs. Henry Thomas died Wednesday night.

The young people who are interested in the Literary Society met at the First Independent Baptist Church and elected their officers and prepared a nice programme for their next meeting, which will be held at the same church Friday night. They extend a special invitation to the public to be present.

Memorial exercises will be held by the Literary Society at the St. John A. M. E. Church on Wednesday evening, August 13th. Speeches will be made by those who knew Madison Clay Johnson best. The public, both white and colored, are invited to be present.

Mr. Moses Clark is another one of the happiest men in the city. It was a big boy and tipped the beam at fourteen and a half pounds.

Memorial services were held at the first Independent Baptist Church last Sunday evening in honor of the late Henry Samuels. Speeches were delivered by Bros. Wakefield, Robt. Todd, Preston Graves and others. The church and the choir in which Bro. Samuels used to sing were draped in mourning, and the services solemn and impressive.

One of the grandest times known in the history of the Grand United Order of Odd Fellows in Kentucky was witnessed at Stamping Ground Saturday, July 25, it being the fifth anniversary of Cosette Lodge No. 2519. Promptly at 10:30 o'clock a. m. the procession formed in front of Mrs. Burgin's Hall, headed by Balley's Cornet Band, paraded the principal streets, thence to the grove, where speeches were delivered by prominent members of the order.

The lodge is doing a great good among the colored people there. They have bought and paid for a lot on which to erect a lodge room and public hall and have increased their membership from 15 to 40 in the last seven weeks, also increasing the amount in their treasury \$125. They have four shares in the Knoxville Building and Loan Association and they expect to begin work upon their hall this month. Much credit is due the officers and members for their untiring efforts in making the lodge a success.

## FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky, as second-class mailable matter.

ED. A. LEWIS, Editor and Publisher.

FRANKFORT, AUG. 8, 1891.

### The Constitution Victorious.

The election last Monday resulted in an overwhelming victory for the new Constitution, by a majority of about 100,000. It was the great issue of the canvass, and in its discussion enlisted the best intellect of the State in the press and upon the stump.

When it is borne in mind that the new Constitution was opposed by a number of the leading journals of the State; that the corporations all fought it bitterly; that the banks were assessed and contributed largely to secure its defeat—its success, by a majority so great is a matter of surprise and gratification. It was a struggle for the mastery between the people and the corporations, and the people have gloriously triumphed.

The result shows that the press is a potential factor in shaping political results only when it is in the right and in accord with popular sentiment. It was a contest between the masses of the people and self-constituted political leaders, and in the contest the people won. It is a people's Constitution, made by the people and for the people, and under it the rights of the people will be protected, their interests promoted, and their liberties secured in the years to come.

With equal rights for all and exclusive privileges to none with equal and uniform taxation; with salutary safeguards upon legislation; and with all the obsolete ideas in the old Constitution wiped out forever, from this time forward our grand old Commonwealth will have a new lease of life and her future will be great and prosperous.

Our own people did their full share in swelling the majority for the new Constitution to its splendid proportions. It was fitting that they should do so. The Constitution settles for all time the question of the location of the Capital, and we can now go forward and build up and make more and more prosperous our little city.

Let us all rejoice that the Constitution has won, and that a great peaceful revolution has been wrought out with so little friction, and in a manner so acceptable to the whole people.

### Saved His Brother.

On Monday afternoon Mr. John W. McEwan, who has been an invalid for several months, felt so much better that he walked down to the river, in front of Gen. Lindsey's residence, with his little boys, Willie and Ben. Hill, to let them take a fish. After locating them in a shady spot and watching them for a while, Mr. McEwan concluded to walk up the bank. Just after he had gone the youngest boy, Ben. Hill, either got his hook hung or hooked a fish, and in pulling at the line fell into the river. He knew nothing about swimming and was going under when his brother Willie rushed to his assistance and succeeded in getting him out, although he tore the little fellow's shirt waist off in the effort. Ben. swallowed a great deal of water, but was all right in a few minutes after. A negro woman, who was fishing near them, was too much frightened to render any assistance further than scream to Willie to pull him out, and when she saw the little fellow safely landed went home with a raging headache from the excitement.

When Mr. McEwan returned and learned what a narrow escape Ben. had just had he was completely unnerved, but after returning home and taking a good rest he was as well as usual.

### Excursion to the Cave.

The tenth annual limited excursion from Lexington to the Mammoth Cave will leave Lexington over the L. & N. Railroad at 8:30 a. m. on Thursday next, August 13th, and arrive in this city at 9:30. The fare for the round trip from Lexington is \$8.00, what it will be from here the agent of L. & N. railroad can probably tell you. Special low rates have been secured for this party at Mammoth Cave Hotel and Cave Fees. As the party is limited, an early application should be made for tickets, stating the number in your party. The excursionists will be accom-

panied by Mr. W. H. Harrison, of Lexington, who will give his individual attention to their wants.

### The Last of Them.

The last August election was held on Monday, and the last race election. All elections will hereafter be held in November and will be by secret ballot.

### A Long Session.

The session of the Legislature this winter will be an unusually long one, as it will have to provide for putting into effect the new Constitution, but the Legislature to come after will only be in session sixty days, exclusive of Sundays.

### Fine Peaches.

Mr. James G. Green, of this county, has sent us a sample dozen of peaches raised upon his place near North Hill, Hardin county, which are of a fine variety, large and of delightful flavor. Mr. Green has five hundred trees in bearing, and expects to realize a handsome sum upon his crop.

### Gone to Iowa.

Col. R. P. Pepper shipped, by Adams Express on Wednesday, eight young trotters to Knoxville, Iowa, where they will start in the races and also at Independence, in the same State. They are in charge of Mr. Geo. B. Hayes, their trainer, and Mr. R. P. Pepper, jr.

### The Iron Belt Building & Loan Association.

Mr. W. G. Fox, State Agent for the Iron Belt Building & Loan Association, of Roanoke, Va., is in Danville on business for a few days. During his stay in Frankfort he has placed a great deal of stock in his association, which is one of the best and cheapest now represented here. Mr. Fox will return to the city next Tuesday to complete a deal for a big block of stock that he has been negotiating.

### Would Come Handy.

With base ball at Lake Park and bicycle races at the old Fair Grounds, a street railroad would be right handy just now, and would do a good business one or two days in the week at least. In this connection we would like to inquire what has become of those two or three companies we were told were going to jump right in and build us a road as soon as the Council refused to extend the time of the only company who would have given us a street car line. Can anyone find them with a microscope or search warrant?

### Let It Always Be So.

It was demonstrated on Monday that elections can be held in this city and country without the use of money and whisky and the day was as quiet and pleasant as one could wish. Why can we not have it so at all elections? Why cannot the good people of the county make up their minds to see that men who make use of money and whisky at elections are punished for bribery? As we are now to have a new Constitution let us also have a new order of things at elections.

### Distinguished Orator.

On Monday Hon. J. J. Ingalls the distinguished ex-Senator from Kansas, will deliver a popular oration at Lexington. His subject will be purely non-political and those who are so fortunate as to be present will hear one of the most eloquent addresses ever delivered in Lexington, the home of oratory. The speaker will be introduced by Senator J. C. S. Blackburn. The address will be delivered in the afternoon, so that those who wish to hear him can go up on the 10:20 train and returned on the C. & O. in the evening.

### Badly Mashed.

Mr. Holly Watts, one of the press feeders in this office, met with an accident Wednesday afternoon by which the ends of the middle and third fingers of the left hand were badly mashed. He was feeding the Gordon job press, had set one foot on the break to check the press and was putting a sheet on when his foot slipped off the break, he lost his balance and was thrown forward, his hand being thrust in between the bed and platen of the press and was caught when they closed together for the impression. The doctor does not think the bones were crushed but he will lose both nails.

### The Election.

The election on Monday was one of the most quiet and orderly ever held in this city. No money or whisky was used, consequently the huns and floaters were beautifully left. They hung about the polls all day, hoping that the boodle would be turned loose, but their hopes were vain and they either voted late in the afternoon or went away without voting at all. The vote was light as compared with other elections and the People's party did not show the strength that many expected. Following is the vote of the county:

### Wheelmen Here.

On Sunday the bicyclists from Louisville, Lexington, Shelbyville and Midway made a run to this city and were entertained at dinner at the Kenyon Hotel by the Blue Grass Cyclists, of this city, and were afterwards shown about the city. The visitors were met upon different roads by committees as they came in, and were escorted several miles out upon their return home. Among those who were here was Mr. W. E. Cassell, of the Independent Cyclers Club, of Louisville, who is a prominent candidate for Consul of the State League, and if zeal in the cause of the L. A. W. is to be rewarded he certainly deserves the position. The other young gentlemen of the party were: W. A. Ruby, Bridgeport, Conn., Wm. Pohlman, H. A. Caperton, Ben Humphrey, W. H. Fisher, Wm. Hoffman, and Phil. Laib, Louisville; H. L. Hastings and W. P. Hastings, Shelbyville; Chas. Updike, L. B. Gordon, Ed. Gordon, Wm. Muir and Luke Petter, Lexington; Sam Hawkins, Lew Hawkins and Max Wilson, Midway.

Most of them returned home upon their wheels but some took the train. All expressed themselves as having spent a pleasant day, and the local boys hope they will return again soon.

For many years Mr. B. F. Thompson, of Des Moines, Iowa, was severely afflicted with chronic diarrhoea. He says: "At times it was very severe, so much so, that I feared it would end my life. About seven years ago I chanced to procure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It gave me prompt relief, and I believe cured me permanently, as I now eat or drink without harm anything I please." I have also used it in my family with the best results. For sale by J. W. Gayle.

#### Death of Miss Carrie Fall.

Miss Carrie Fall, daughter of the late Rev. P. S. Fall, the pioneer minister in the Christian Church, died Sunday morning at the residence of Dr. S. E. James, on St. Clair street. Miss Fall had been in delicate health for some time, but was not thought to be in a dangerous condition and

her death came as a sad surprise to her family and friends. Just before her death she was attacked with a violent spell of coughing and fainted from exhaustion, never recovering consciousness, but passed suddenly away. She was about fifty-three years of age, and for years had been a member of the Christian Church. Her funeral took place Monday afternoon from Dr. James' residence, Rev. George Darnie conducting the services.

#### Killed in Chicago.

(Special Dispatch to Dramatic News.)

CHICAGO, July 27.—Little Arthur Thomas, the nine-year-old son of Manager Arthur Thomas, of the County Fair Company, now at Hookey's, and a nephew of Theodore Thomas, the musical director, was killed this morning while exercising one of the six horses used in the play's race course. Manager Thomas recently brought his wife and three children from Philadelphia to remain here during the company's stay. Little Arthur was greatly taken with one of the horses, called The Dude, and this morning his father consented to his riding him along the North Shore drive. Manager Thomas rode Queen, and Louis Miller of the Straight Tip company, rode Ginger. When near the water works The Dude started off at a terrific pace. The frightened boy rolled off, his feet caught in the stirrup and he was dragged for two blocks, his head striking the pavement at every bound of the horse. Mr. Thomas started in hot pursuit, but before he caught up the boy's shoe came off and he fell bleeding by the wayside. His arms and legs were broken, his skull was fractured, and he died in his father's arms on the grass a few moments later. Both father and mother are heart-broken.

They left by the Pennsylvania road with the remains of their boy this afternoon on their way to Philadelphia. Many readers of the ROUNDABOUT will remember Mrs. Thomas, mother of the unfortunate little fellow, as Miss Virginia Newbold, daughter of D. O. Newbold, of the Jett Station neighborhood.

#### Base Ball.

Tuesday afternoon the Pleasureville and Forks of Elkhorn Base Ball clubs played an interesting game at Lake Park. Both clubs were on their mettle and did some lively work. It required eleven innings to decide the game, the Pleasureville boys finally winning by a score of 14 to 9.

On Wednesday afternoon the Pleasureville and the Crutcher & Starks nine played the third game of the season at Lake Park, and a rattling game it was. The fielding was sharp on both sides, but the visitors made the best showing in the field, our boys being a little out of practice. Merchant pitched a splendid game, and had he Davis to catch him would have had the Pleasurevilles at his mercy. Mr. J. C. King, a new man, went into to catch, and the two did not understand each other thoroughly until the game had gotten well underway, but in the next game will be all right. King played a splendid game however, as the score shows.

The home boys had no difficulty in hitting Pleasureville's left-handed pitcher, but could not keep their balls down, consequently the visitors caught a number of beautiful flies. For the greater part of the game it was neck and neck, but in the eighth inning the visitors forged ahead and won the game.

### Thereby Hangs a Tail.

"And so, from hour to hour, we ripe and ripe, And then, from hour to hour, we rot and rot;

And thereby hangs a tale." Of one who had Catarrh in the Head, for many years, and who really had been "rotting," from hour to hour, until Dr. Sage's Catarrh Remedy came to his notice. He used it at first with slight signs of relief, but he persisted until a permanent cure was effected, and the world was again pleasant to live in. From this awful suffering he was set free by the expenditure of a few dollars in that incomparable remedy.

### Poor Little Dick.

Little Dick Morris, second son of Mr. Richard Morris, who fell from a swing two weeks ago and fractured his right wrist in such a frightful manner that his arm had to be amputated near the elbow on Wednesday

of last week, got along nicely for several days and it was thought there was a chance for him to pull through, but Sunday morning symptoms of lock-jaw made their appearance and he has since been growing steadily worse, notwithstanding he has had the best of medical attention and nursing. The spasms which set in Sunday have increased in violence and frequency, and yesterday his jaws were firmly locked and his death is expected at any time. Poor little fellow, his suffering has been intense and death would be a sweet relief to him. His parents are heart broken at the thought of losing their bright, manly boy, who is the idol of their hearts, and they have the sympathy of the whole community in their affliction.

### City Democratic Committee.

One lesson (one hour) per week . . . . . \$45

For pupils residing outside of Lexington, who take one half hour lesson per week, I will pay one-third of the railroad fare.

Pupils who have promising voices, or show any talent for instrumental music, need the very best instruction from the beginning. The first year is more important than the last.

Regular session commences Monday, 7th, September, 1891.
